Include in this space an abstract reporting the major aims and results of your contribution, with a **maximum of 10 lines**.

## 1 General

Interested researchers are kindly invited to present the latest results of their scientific work in one of the ICPIG topics. During submission, the authors must choose the type of contribution between Poster / Oral / Invited (General, Topical or Special Session). If they apply for a contributed oral, the decision for contributed oral or poster will be communicated tentatively by April 15.

Contributions must be written in English. The authors are responsible for both the content and style of their contributions. No editing or re-typing will be carried out by the conference organizers, and accepted contributions will be reproduced without any reduction or modification. Contributions that do not conform to the format described below may be rejected. Accepted contributions will be published in the online conference proceedings, if at least one of the authors has paid the registration fee in time. Each registered participant can present a maximum of two contributions as a first author.

ICPIG 2025 offers the possibility to submit an article to a special issue of Open Plasma Science. A maximum of 40 articles will be accepted for review on a first come, first serve basis. When submitting their abstract, the authors are requested to indicate if they wish to submit an article for the ICPIG 2025 special issue.

### 1.1 Format guidelines

- Each contribution should be typewritten for A4 paper **according to the fonts and formatting of this template**.
- Each contribution should not exceed 1 full page including figures and references.
- Each contribution must be submitted as a pdf file, with a maximum size of 2MB.
- Do not forget to edit the topic number in this template (shown on top right). The conference topics can be found on the [ICPIG conference topics page](#).

- Contributions may include figures and tables. A caption (Times 10, normal) should be written under each figure and above each table.
- Please underline the name of the presenting author.

### 1.2 Deadlines

The deadline for submissions is **March 20, 2025**.

Other deadlines for abstract acceptance, registration and payment can be found on the [ICPIG deadlines page](#).
